February 8, 2016

Dear Matawan Resident,

Every five years the Borough is required to advertise for trash and recycling services. We are happy to announce that a new trash/recycling contractor will start serving the Borough on Thursday, February 11, 2016. Future Sanitation has served the Borough well for the last five years and they will continue with regular pickup of your regular trash day through Tuesday, February 9, 2016 and will pick up recycling on Wednesday, February 10, 2016.

Our new contractor **Central Jersey Waste and Recycling** is a very professional company with many years in the trash and recycling business. Based on their capabilities we are about to make major changes to the way trash and recycling is picked up in the Borough. These new services will greatly enhance our ability to collect trash and recycling for the next five years.

New pickup schedule

TRASH

There will be no change in garbage pickup for Monday, February 8, 2016 (Area 1) and Tuesday, February 9, 2016 (Area 2). Trash will not be picked up on Thursday, February 11, 2016 (Area 3) trash will instead be picked up on Friday, February 12, 2016 for all Borough residences, and from this date on, Friday will continue to be the trash pickup date for all residences in the Borough that currently receive garbage pickup from the Borough.

Effective Friday, February 12, 2016 trash pickup will be on Friday for all residences in the Borough.

RECYCLING

There will be no change in recycling pickup on Wednesday, February 10, 2016 for (Areas 1 and 2) BLUE – Mixed Paper. On Thursday, February 11, 2016 (Areas 3 and 4) (they will also do Areas 1 and 2 on this date) recycling - BLUE – Mixed Paper – will be picked up instead of Saturday, February 13, 2016 and

Effective Thursday, February 11, 2016 recycling pickup will be on Thursday for all residences in the Borough.

This new system will greatly enhance the appearance and efficiency of how trash/recycling is collected in the Borough. It will also eliminate any confusion regarding pick-up dates. Please contact Grace Rainforth at 732-566-3898 x600 to schedule pickup for old appliance pickup.
